

**Tansley Woods
Tuesday,
Thursday &
Saturday!**

**12 Week Fall Session starts
September 18th, 2018**
(Lessons make a great gift because you know its something people will use)

It's all about becoming better at moving, running, jumping and kicking this Fall! Our skills will help students become better at any physical activity. Plus, we develop winning attitudes and an understanding that it's okay to struggle in the beginning! (Too many people think, or expect, a beginner to have the skills of an expert) Practice makes Permanent! So practice well!

Our Martial Arts promote Physical Literacy and Life Skills!

Everyone starts with curiosity about the martial arts. This is common and the beginning of the next step, exploration! You find a club and start classes and all the repetition necessary to get better. As your techniques and skills increase, so does your confidence in these skills!

As our students gain these skills, they realize it's the same process for anything new! Everything starts with basics. Just like reading and writing, children have to learn to move. This is Physical Literacy.

To register: Circle the class you want and fill out the information. Pricing is on the back page.

<i>Mondays at Haber Community Centre</i>	Tuesday LD 6:05-6:35pm	Thursday LD 6:05-6:35pm	Saturday LD 10:45-11:15am
